GRADING SYSTEM

The grades will be given by the assessment of the practices of each module and a final exam, with a weighting of:

P1 - Anatomy 20%

P2 - Lights and color: 15%

P3 - Environments with characters: 10%

P4 - Final delivery artbook 30%

Partial exam: 15%

Attitude and participated in class 10%

Students who fail will have the chance to take the reevaluation exam. The mark of this exam will replace the mark of the partial exam and, in case of passing the course, the maximum final mark will be 5.

Irregular actions that may lead to a significant variation of the grade of one or more students constitute a fraudulent performance of an evaluation act. This action entails the descriptive grade of failure and a numerical grade of 0 for the ordinary global evaluation of the course, without the right to re-evaluation.

If the lecturers have indications of the use of AI tools not allowed in the evaluation tests, they may summon the students concerned to an oral test or a meeting to verify the authorship.

EXAMINATION RULES.

Practices will be done during the personal working time and with brief revisions during the time in class, taking the support and consulting of the teacher that will try to bring the right focus in every one of the jobs.
